
Description

Clean Logix, a Grand Rapids, MI food safety solutions company, is hiring a Production Assembly Technician. Reporting to the Production Manager, this critical role supports the manufacturing and assembly of our diverse product line, ensuring the timely completion of quality products that meet functionality tests and fulfill customer orders. Clean Logix is committed to enhancing food safety through the design, manufacture, and support of high-quality sanitation equipment.

Job Responsibilities

- Interpret mechanical drawings and schematics to assemble complex units using pipe fittings, fasteners, valves, and electrical components.
- Assemble products according to exploded view drawings and work instructions.
- Assemble threaded pipe fittings, ensuring leak-free seals with appropriate sealants.
- Utilize hand and power tools effectively, including screwdrivers, wrenches, torque wrenches, hole punches, and power drills.
- Test finished products following established procedures.
- Actively seek opportunities to learn and improve work processes.
- Demonstrate a desire to produce high-quality work and take pride in craftsmanship.
- Work efficiently and adhere to safety regulations.
- Experience with pipe fittings, plumbing components, and achieving leak-free connections.
- Strong mechanical aptitude and a solid understanding of tools, machinery, and manufacturing processes.

Skills and Abilities

- Proactive and eager to learn and improve processes.
- Desire to produce high-quality work and craftsmanship.
- Ability to stand, stoop, and kneel for extended periods.
- Ability to lift up to 50 lbs.
- Ability to interpret technical drawings for assemblies and mechanical components
- Knowledge of fastener sizes, materials, and use cases (nuts, bolts, washers, etc.)
- Self-motivated and well-organized with attention to detail.
- Ability to work independently and follow procedures.
- Effective verbal and written communication skills, especially email.
- Fluent in English (read, write, speak).

Qualifications and Requirements

- High school diploma or equivalent (GED) required.
- 2 years of experience in manufacturing, mechanical assembly, or related work history
- Legal right to work in the US without sponsorship.
- Recent and verifiable work history.
- Reliable transportation and phone number.
- Successful completion of a background check.

Benefits and Other Details

- This is a full-time, on-location position.
- Monday-Friday, 6:30 a.m. to 3:00 p.m. (40 hrs. per week), overtime as needed.
- \$18.50 - \$20.50 per hour
- Medical, dental, and vision insurance (eligible after 90 days)
- 401(k) plan with matching (eligible after 90 days)
- Paid time off, vacation and sick days (eligible after 90 days)
